STEEL SOLUTIONS YOU CAN TRUST

CREATING VALUE TOWARDS SUCCESS EVERYDAY

COMPANY PROFILE

Since Year 2000, Kyodo Steel Sdn Bhd has been providing high-quality steel solutions for industrial needs. As a reliable steel service centre, we are the link between steel producers and our customers, providing them with competent supply chain management, procurement, technical, stocking, processing and just-in-time services.

For years, Kyodo Steel has supplied customers in Malaysian and overseas markets with steel sheets and coils, and various steel long products. Our other activities also include the manufacture of steel pipes and scaffolding. What sets us apart from other centres is our professional approach to business. We prefer to build lasting relationships based on our close understanding of our customers' technical requirements.

Our competitive services mean that we can offer customers shorter lead times, delivery in smaller batches, savings in logistics costs, a wide range of steel products and quality certifications.

Besides our main factory in Bandar Puncak Alam, Selangor, we have a branch in Sungai Petani, Kedah. From our two bases in the central and northern regions of Peninsular Malaysia, we have established a marketing and distribution network to provide customers with timely supplies of their steel materials.

Vision:

We aspire to become the leading steel centre and manufacturer of steel products in Malaysia.

Mission:

Our core values guide our everyday work ethics:

Our Mission

Quality:

We create great value when we surpass customers' expectations.

Knowledge:

We take pride in our complete knowledge of steel grades.

Innovation:

We improve continuously through new ideas, sincerity

Commitment:

We grow our business through understanding our customers' needs.

Relationship:

We engage our customers to build long-term relationships.

Excellence:

We challenge ourselves to get it right the first time.

Responsibility:

We embrace safety in the workplace.

Our Competitive Edge

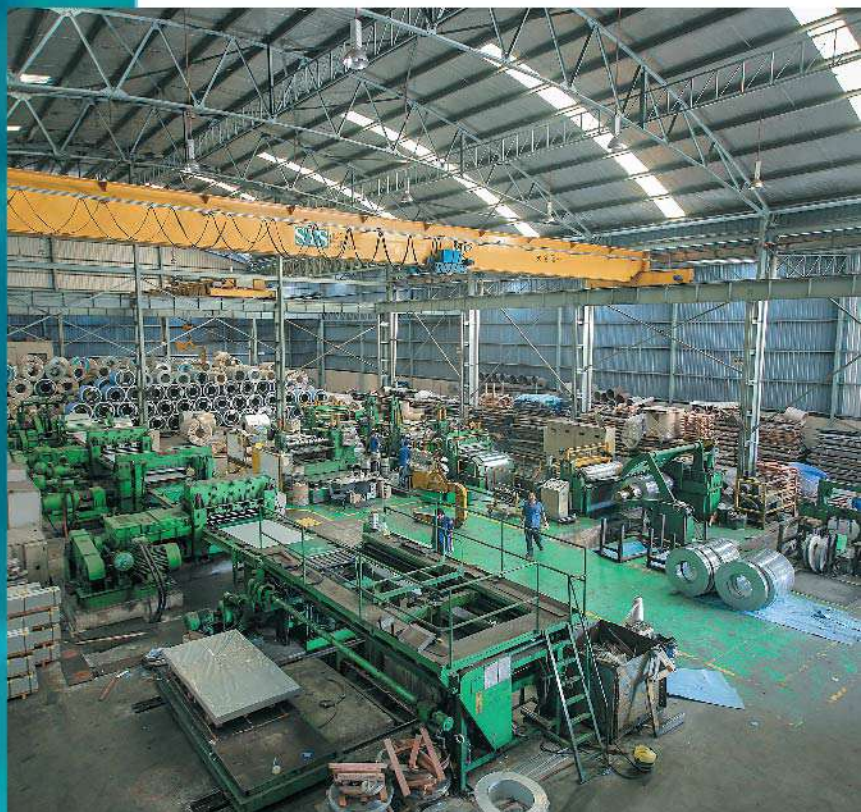

What keeps us competitive? As a steel service centre providing high-quality steel solutions to the manufacturing industries, Kyodo Steel is managed according to the principles of quality, innovation, commitment and relationship. We have a competitive advantage because:

- We specialise in supplying a wide range of steel grades/products.
- We provide customisation according to customers' needs.
- We source our steel from well established local and overseas mills.
- We exceed customers' expectations and quality requirements.
- We are the partner to advise customers on steel materials.
- We make timely deliveries to customers' doorsteps.
- We deliver from small to large quantities at competitive prices.
- We improve through taking your feedback seriously.

Service & Support

Kyodo Steel pride ourselves on creating long-term and sustainable relationships through open communication with our customers. We pay close attention to detail. Our team of experienced people possess not only a wide exposure in providing customer solutions but also practical skills. We are keenly driven to excellence and surpass customers' expectations.

Products And Applications

Kyodo Steel's core focus is on supplying quality flat/long steel sheets and coils to the industries. With the different grades of steel sourced from both local and overseas mills, we cut them according to the customers' specifications. Tell us what fits best with your manufacturing or building processes and our fleet of lorries shall deliver to you on time and as ordered.

Our products consist mainly of:

- Hot-rolled Steel Coil and Sheet
- Cold-rolled Steel Coil and Sheet
- Hot Dip Galvanised Steel Coil and Sheet
- Electrolytic Galvanised Steel Coil and Sheet
- Pre-painted Galvanised Steel Coil and Sheet
- Aluminised Steel Coil and Sheet
- Alu-Zinc Steel Coil and Sheet
- Stainless Steel Coil and Sheet
- Channels, Angles, Flat bars and Beams
- Galvanised Scaffolding Frames and Accessories
- Galvanised Pipes

These steel are widely used in the following industries:

- Electrical and Electronics
- Oil and Gas
- Engineering Support
- Automotive
- Metal Stamping and Fabricators
- Machinery and Equipments
- Construction

Contact Us

Kyodo Steel Sdn Bhd is located in the Pusat Perniagaan Alam Jaya in Puncak Alam which is 38 km from the North Port Container Terminal in Port Klang, Selangor. Our Kawasan Perusahaan Sungai Petani branch factory is 42 km from the Penang Port Container Terminal in Butterworth, Penang.
